

ARE YOU UNEMPLOYED OR UNDEREMPLOYED?

Information Technology is one of the fast growing and in-demand industries. Employers' need to hire a skilled technical workforce – a Tech Force – has never been greater. Tech Force Rhode Island provides customized, industry-led training to Rhode Island career seekers, and connects Rhode Island employers with in-demand, credentialed tech talent. Tech Force programs and services are open to employers and are free to qualified candidates.

YOU COULD BE AN IDEAL CANDIDATE!

Tech Force opportunities are for individuals with a variety of skill sets. Candidates with and without previous technical education or experience are eligible to apply and be considered for the program. Successful candidates will have an aptitude to learn as well as transferrable skills such as business skills, customer service, sales, and/or project management.

/// APPLY HERE:

Start by filling out the online application, which can be found at: techforceri.org/apply. After your application form has been submitted we will contact you. Upon being eligible, you will receive a notification email to schedule your information and assessment session. After successful completion, selected applicants will be notified of acceptance into the program. Training sessions are on a rolling basis and occur each week.

/// HOW PARTICIPANTS BENEFIT:

Upon being accepted into the program, participants are eligible to receive:

- ▶ A dedicated career coach
- ▶ Hands-on training in a specific area of Information Technology
- ▶ Highly valued professional skills training
- ▶ Networking opportunities with professionals in Rhode Island's IT industry
- ▶ Resume and job search assistance
- ▶ Job placement assistance upon completion of training
